IST 263 Project Milestone 5 – Skeleton Site

Name: Amanda Simone

Description:
Please paste your project description from Project Milestone 1 here (or most current if you've changed your project idea).

I am going to make a photography portfolio with my work from the past couple of years. I intend to add my favorite/best pictures and a description of my creative process with each one. I may also add my graphic design projects from last semester and a description of each of those, as well. My intention is to have a professional portfolio of my photography because I have done it as a job and as volunteer work for a number of years.
